

Llanfair Kilgeddin VA CIW Primary School

06 February 2015

Homemakers gives our children the opportunity to see the type of items that can be recycled and the impact this has on the environment. Homemakers shows the children, through hands on experience the part they can play to shape their future.

This link with the local community enhances the children's education much wider than the classroom.

Rob and the team have made meaningful links with the school, providing reused materials for our topics. This gives the children the better knowledge to Reduce, Reuse and Recycle.

Kind regards

Helen Sansom
Acting Head Teacher
