To Whom It May Concern

I am writing regarding the project Homemakers which Ty Skirrid patients utilise frequently. The benefits of this project are immense to our patient group who often have poor social skills and limited employment opportunities. Ty Skirrid patient's report how they feel supported and appreciated by the staff at Homemakers and their self esteem is enhanced due to the ability to learn new skills and engage in activities outside the hospital environment.

I understand that Homemakers have applied for funding to support the project and I would like to add my support of this application on behalf of the Ty Skirrid patients who attend there and also the staff that are able to see the positive impact that such a resource has on the individuals mental health.

Should you have any queries regarding this matter please do not hesitate to contact me.

Yours faithfully

Tracy Bressington RMN  
Ward Manager  
Ty Skirrid
